

To our valued members, staff, community and charity partners and suppliers,

Yesterday our Prime Minister announced Clubs and other non-essential services will face mandatory shutdown from midday today for an undetermined period to assist in the fight against Covid-19.

The club will be closed immediately.

We will remain in communication with you through social media, weekly emails and our website to keep you updated on this unprecedented situation. We are working hard to ensure your club will be ready for you when this crisis passes.

We look forward to seeing you in the recovery stage.
